

Team V Team Project - Meeting 7 Minutes

October 25, 2012

1 Date And Location

Thursday 4th October 2012 at 10 O'clock in SAWB 203.

2 Attendees

Team Members: Andrew Gardner, Nicole Kearns, Mamas Nicolaou, Asset Sarsengaliyev

Supervisor: Jeremy Singer

Client: Fiona Dowell

3 Agenda

- Met Fiona, our client for the project.
- Discussed briefly what she does.
- Discussed the requirements which Fiona would like for the project, eg
 - educational resource
 - interactive (but not all multiple choice questions)
 - visually appealing
- Fiona told us about the NHS human app. and the wikiVet
 - would like something similar to NHS app; the wiki app just spits out the answer which is not ideal.
- Fiona showed us her lecture slides, indicating briefly the content for the project.
- Discussed the platform for the project; Fiona is ok with web-based app.
- Showed us examples of questions which could be in used in app and objectives that they had come up with.

- Discussed additional things (fluid calculations) that could be added if theres enough time.
- Discussed making it efficiently generic so that Fiona can add examples and content later.

4 Goals

- Get a list of requirements for the project and send them to Fiona.
 - Functional properties: whats the system going to do;
 - Non-functional properties: how does the system going to behave.
- Identify toolkits, frameworks, libraries, etc. which may be useful for the development.
- Draw user interface designs
 - storyboards

5 Next meeting:

Thursday 11th October with Jeremy Singer in SAWB S103 at 11 Oclock.
